

Oat Lipid e

SUPERIOR OAT OIL WITH A UNIQUE LIPID PROFILE

Avena Sativa (Oat) Kernel Oil

CAS NUMBER: 84012-26-0

TECHNICAL DATA SHEET

oatcosmetics.com

DCI: Revision No: 2 Issue Date: 25th November 2021

Oat Lipid e

PREMIUM OAT OIL

Oat Lipid e is a rich, natural oat oil with a unique lipid profile. It has excellent absorbency and protective properties that help to moisturise and soothe the skin. Oat Lipid e is also effective in haircare formulations that improve hair shine and overall manageability.

NAUTRAL LIPID COMPLEX FOR SKIN AND HAIR

Lipids protected by **natural antioxidants** e.g., ferulic acid, caffeic acid

A **non-comedogenic** ingredient that helps to reduce lesions

A **stable oil** that also acts as a stabiliser for other oils in a shared system

A **52% increase in hair shine**, compared to silicone shampoo

The oats from which Oat Lipid e is extracted are grown on Scandinavian farms that use sustainable farming techniques and are free from genetically modified organisms. By sourcing and processing oats that have been grown close to the refinery, transportation and environmental impact is reduced, ensuring a higher level of sustainability.

PROPERTIES

PACK SIZE: 20kg

RECOMMENDED FORMULATION GUIDELINES:

Usage Level:

1-5% for skincare applications

0.5-5% for haircare applications

Temperature: Formulate up to 75°C

pH: Can be formulated within a wide range

Contact us for further guidelines at info@oatcosmetics.com

APPROVALS:

ECOCERT and COSMOS natural approved, not tested on animals, GMO free, hypoallergenic, free from allergens, EU and US approved safe oil, gluten free, Halal and Kosher compliant and vegan
